

About KidTrax®

KidTrax is a comprehensive web-based youth and membership tracking system that combines ID cards, scanning technology, a middleware connection to school district databases, reporting, and a variety of other tools to assist in tracking, managing and analyzing participation in youth programs. The system automatically logs time and attendance information by scanning special ID cards when members enter and leave a facility, eliminating paper sign-in sheets and manual compilation. Reports identify key usage patterns to aid in program development and documentation for funding requests.

About nFocus Software™

nFocus Software is the leading provider of tracking, testing and training products for the public sector with over 3,500 customers worldwide. The company's KidTrax product is the #1 youth tracking and membership management system. Customers include Boys & Girls Clubs, Police Activities Leagues, The Salvation Army, U.S. Army, GEAR UP and Weed & Seed programs.

What People Like You are Saying About KidTrax® Web

Tammy Riotto-Shirey
Operations Coordinator
Boys & Girls Club of the North Valley, CA
Upgraded to KidTrax Web in August of 2004

"The web version is so much faster and easier to use. Having the knowledgebase online is like having immediate technical support. Having nFocus Software take my suggestions for a feature that is not in the application and then having it added in a short amount of time is an incredible service that no other vendor has ever provided."

Cara Hart
IS Manager
Boys & Girls Club of Metro Denver, CO
Upgraded to KidTrax Web in August of 2005

"It is great to be able to access KidTrax from anywhere! I like that the database maintenance is nFocus' problem and not ours, like when the power goes out."

Teresa Watson
Membership Director
Boys & Girls Club of Goshen, IN
Upgraded to KidTrax Web in December 2005

"Oh my gosh ... KidTrax web is so much better and quicker... it's amazing!! The reports are great! Scanning is definitely easier and faster! We also appreciate the fast service we get when we have questions and go to online help. The nFocus Technical Support staff has been great at helping us learn KidTrax web."

Tracie Parsons
Operations Clerk
Elmendorf Air Force Base
Upgraded to KidTrax Web in August 2005

"I really like that KidTrax is web based now. I don't have to move all my stuff to a different desk to do my job. Other staff members can now run reports from their own desks too."
