

Community Centers

"KidTrax gives us the ability to answer any question in seconds, whether it's for our internal use or a grant application. We now receive grants with no requests for additional information because we now can provide complete documentation on everything from attendance to demographics."

Anita Diaz
Westpark Community Center/PAL, CA

Youth Services

"KidTrax has enabled both the office and our unit staff to better quantify how many kids we serve and how many hours we serve them. This has helped us provide funders with the impact statistics they want as well as allowing us to better evaluate our performance."

Stan Lewandowski
Boys & Girls Clubs of Toledo, OH

"What makes nFocus Software different from other software options available to us is the strong support and partnership of nFocus. We feel their commitment to the betterment of the entire California PAL and all of our local chapter PAL programs. That "personal" touch does make a difference."

Bryan Ferriera
California PAL, CA

Education

"I believe that other school districts can use [TraxSolutions] to encourage the best use of youth centers' services in the interest of improving students' classroom achievement, strengthening their commitment to school and leading them to make good life choices."

Marty Bell
Jefferson County Public Schools, KY

KidTrax is a comprehensive, user-friendly tool for tracking attendance for our school district's federally and state funded after school programs. With 13 school sites to keep attendance numbers for, I was sinking under lots of paper attendance sheets which had to be hand entered into spreadsheets. Now I can access my attendance numbers in a matter of seconds. The technical support that nFocus provides is exemplary. I could not provide the level of support to our programs without this amazing tool!"

Barbara Akimoto
Chico Unified School District, CA

Parks & Recreation

"When writing grants and reports we oftentimes comment that we use the KidTrax software to show we are technologically advanced, dedicated, and accountable."

Jason Davie
City of Santa Maria Parks & Rec Dept/PAL, CA
