# Trax Solutions®
Trax Attendance Manager

Attendance Anytime, Anywhere, On Any Device

Increase Accuracy

Know who, when, and how many you serve by hour, by day, and by program, whether you're connected or not. View current check-ins and basic attendance reports in real-time.

More Tracking Options

Use a TraxSolutions® scanner with a PC that has Trax Attendance Manager installed, or use our app on an iOS or Android device to easily track time and attendance.

Easily Accessible

Easily access participant data on-the-fly, including member identification information, emergency contact data, medical information, and authorized pick-up information.
